

CLASS OF '75

*Still I can recall  
The happy times  
Laughing arm and arm  
So alive  
Was it years ago  
Or just a day  
When you turned to me  
And said good-bye*

The day has come  
We've finally won  
Our privilege to be free.  
Through these long years  
of laughs and tears  
We've finally come to be . . .

Seniors, Seniors, Seniors!  
We've made it here at last  
Through spelling bees with shaky knees  
Through  $a + b = c + z$ ?  
Through football games where no one goes  
But still our team was on their toes  
Through Trigonometry tests with much dread  
At the end of which we all were dead  
Through forward rolls and cans of beer  
Through report card woes and X-mas cheer  
Through a s d f ; l k j  
And English classes that were really gay  
Remember running through the halls  
And "Gertrude loves Pete" on lavatory stalls  
Through, "But Mr. Heidt, I don't understand!"  
"Sit down, shut up and raise you hand."  
Through daily hot lunches that weren't so hot.  
Oh, why must these wonderful days stop?

By Valerie Katsinis

“So nigh is grandeur to our dust  
So near is God to man  
When Duty whispers low, “Thou must,”  
The youth replies, “I can.”

EMERSON

We are the sum total of our yesterdays, and for the past twelve years a large portion of your time has been spent in the pursuit of knowledge and excellence. It is our hope, your teachers and mine, that you are ready for these testing times.

The future belongs to you. The quickness with which you assume responsibilities and the quality of your solutions to life's problems will determine your future and the kind of world in which you and yours will live and have your being.

With good health and fortune, may each of you answer Duty's call, “Thou must,” by replying, “I can.”

# LOOKING BACK

While the United States of America was busy ending its involvement in Viet Nam, coping with Watergate, and inflating its money, a group of people, determined to make their three years of high school the happiest, as well as the most worthwhile years of their lives, ventured into R. H. S. for the first time.

So begins the history of one of the most unique groups of individuals ever to be assembled in America's history: Roslindale High's "Class of '75".

Sophomore year began as a force to be reckoned with. Students found themselves lost in a maze called Roslindale High. Sophomores could always be spotted by those "puzzled looks" on their faces. A sophomore was reluctant to look a senior cross-eyed, let alone ask him for directions! New subjects, such as geometry, and book-keeping, proved the most difficult to we puzzled sophomores. Eventually, we gained confidence and began to join clubs and become involved in school affairs; the spark of school spirit had been ignited.

Sophomores stood together with the Juniors and elusive Seniors at hockey games, soccer games, and track meets to cheer on our winning teams, and at football games to support our hard-working team members. At Rossie, there is one thing that you learn and you learn it fast; "It's not the fact that you win or lose, what matters is that you had the spirit and courage to try."

Junior year for the Class of '75 began as a most happy one. Momentum in school spirit grew stronger every day. The year progressed and it was time for school rings to be ordered. Designs were chosen, and school grew more intense as ring purchases were tangible proof that the "magic" senior year was fast approaching. Spring came, and we juniors on the threshold of Seniorhood, with our heads swelling daily, were thrust back out into the cold reality of life. The term "forced busing" became a term all too familiar to every student in the City of Boston. At first, the reaction of all students was "to ignore it. It'll go away." But it didn't. The next step was to fight to stop it. A campaign was organized to write letters to the Commissioner of Education, pleading with him to stop thinking of students, especially seniors, as a matter of student numbers, addresses and geo-codes. Letters were written by students all over the city. They proved to be of no avail. As Junior year drew to a close, all good-byes were

said with the faint hope in mind that someday we'd all be together.

For the first time, class officers were not elected, instead, an interim committee, headed by a chairman was elected.

Senior activities commenced at once as the "Class of '75" was determined to overcome all obstacles.

September 1974 proved to be a month to go down in history at R. H. S. Besides coping with forced busing, the class found itself with a new headmaster in Mr. Donald Burgess, as Miss Moran, our former Headmaster was promoted to the job of Area Superintendent for the Roslindale area. There were new faces at Rossie beside new students; and Mr. Burgess, city and state policemen soon became commonplace at Rossie as did one other group of people; FRESHMEN!

The first few weeks of school proved to be full of uncertainty, but the spirit of the "Class of '75" came through again. All students came together to try to make the best of a difficult situation.

On Halloween, Seniors dressed appropriately and showed a willingness to go on and forget past setbacks because the seniors of Rossie High were determined to have a memorable senior year!

The Fourth Annual Thanksgiving Day Game was held and the "Class of '75" was present in body and spirit to cheer their team on. We didn't win, but we had the courage to try!

A first for Rossie, a 50's Record Hop was held by the Seniors. Participating students dressed for the occasion. Ponytails, D.A.'s, bobby socks and bubblegum not only made the students feel young and gay but served as entertainment to the faculty reminding them of the days when . . .

The Semi-formal, a dance attended by the most spirited Roslindale Tigers, was a "night to remember" with Second Society.

The school year rolled on. Seniors awaited college acceptances. School spirit draws to a peak, and the students are geared to only two things: Graduating and proving to the world that The Roslindale High School Tigers can overcome any obstacles thrown in their paths.

# In Memoriam

*KATHY HALLION*

And as we wind on down the road  
Our shadows taller than our souls  
There walks a lady we all know  
Who shines white light and wants to show  
How everything still turns to gold  
And if you listen very hard  
The tune will come to you at last  
When all are one and one is all.  
To be a rock and not to roll  
And she's climbing the  
Stairway to  
Heaven.

And though we had our fights  
Had our short tempered nights  
It couldn't pull our dreams apart  
All our needs and all our wants  
Drawn together in our hearts  
We felt it from the very start

Everything is fine now  
And we just have to keep in mind  
We must set new goals  
We must not lose control  
Of the possibility of the discovery  
That would let everybody see  
That we were just meant to be.
